Travel Restrictions

Provisions

- Permittee is responsible for the accuracy and legibility of this permit.
- Permittee is subject to all provisions stipulated by rules and law; permit is subject to revocation upon noncompliance.
- The granting of a permit does not waive any liability or responsibility of the permittee which might accrue for any property damage, including damage to the highways, or for personal injuries.
- Overweight Vehicle shall be registered for the maximum gross weight it can legally haul per Nebraska Statute 60-6,294.
- A local permit may be required for moves on county or city roads. Permittee is responsible for contacting local authorities.
- If load is overweight only, movement is allowed 24 hours a day, 7 days a week.

Permittee must bypass any and all clearances that are less than the above listed dimensions. The permittee shall assume the risk of loss to the vehicle or its load and shall be liable for any damages that result to overhead obstructions from operation of a vehicle exceeding 12 foot 6 inches in height.

60-6,288(1) Any person moving a building or an object that, in combination with the transporting vehicle, is over fifteen feet six inches high or wider than the roadway on a county or township road shall notify the local authority and the electric utility responsible for the infrastructure, including poles, wires, substations, and underground residential distribution cable boxes adjacent to or crossing the roadway along the route over which such building or object is being transported. Notification shall be made at least ten days prior to the move. Notification shall specifically describe the transporting vehicle, the width, length, height, and weight of the building or object to be moved, the route to be used, and the date and hours during which the building or object will be transported. Complying with the notification requirement of this section does not exempt the person from complying with any other federal, state, or local authority permit or notification requirements.

(2) Proof of the notification required under subsection (1) of this section must be carried by any person moving a building or an object as described in this section.

(3) Any person who fails to comply with the notification requirements of this section shall be guilty of a Class II misdemeanor.

60-6,299 (1) Hauler is not authorized to manipulate overhead high voltage lines or conductors or other such components, including electric utility poles, the applicant shall be guilty of a Class II misdemeanor for any violation of this section or of the notification requirements of section 60-6,288.01.

- Under no circumstances shall permittee bypass any scale site that is open.

State of Nebraska Department of Transportation
Single Trip Permit
Overweight Only

- Route analysis is based on maximum axle weight of 20,000 pounds per axle. Permittee may reduce axle weights to actual if desired for analysis, however, if the maximum axle weight of 20,000 pounds/axle is changed by the permittee, it is the permittees responsibility to insure that the actual axle weights on the permit vehicle do not exceed those shown on the permit. Enforcement will be based on the axle weights shown on the permit.
- Permittee acknowledges that the vehicle or load cannot be dismantled or reduced in size or weight without great difficulty to meet the statutory size and/or weight limits.
- Any dummy axle must carry at least the lessor of 8,000 pounds or 8% of the total gross weight.
- Permittee agrees to hold harmless the State of Nebraska, its agents/employees, contractors and subcontractors from all suits, damages, or proceedings of any kind and to indemnify the State of Nebraska, its agents/employees, contractors and subcontractors for any claims it may be required to pay arising from the permitted move.
- Permittee agrees to hold harmless the State of Nebraska, its agents/employees, contractors and subcontractors from all suits, damages, or proceedings of any kind arising from fraudulent use of the user's login/password regarding escrow transactions or unauthorized request for overweight/overdimensional permit.
