Restrictions: (0 TOTAL)

This permit is required by the New York State Thruway Authority (Authority). The Permittee is hereby advised that information supplied herein is not necessarily accurate and is advisory only. Therefore, it is to be used at the sole risk of the permittee, without warranty of accuracy. The Permittee/recipient is classified as a bare licensee who assumes all risk involved in using the roads herein designated. Once a permit is deemed in progress, used or expired, no refunds of the permit fee will be authorized; however, notwithstanding the above, at any time upon or after permit issuance the Permittee requests cancellation or revision of a permit which begins or ends in any non-ticketed section of the Thruway system, such decision is at the sole discretion of the Authority and, if such is granted there will be a full charge for the new or revised permit.

In accepting this permit, the permittee acknowledges that the permittor is not a guarantor of the safe passage of vehicles. Accordingly, it is the positive duty of the permittee to measure all dimensions and structures, both laterally and vertically, prior to the passage of any vehicle upon any roadway at any location. Permits are valid for one trip in one direction only. Permits expire 24 hours after initial entry on the Thruway system, if presented to a toll collector. All other permits will expire at midnight on their end date.

Special Hauling Permit

This Permit is inoperative if road conditions exist that in any way negatively affect travel and it is the duty of the Permittee to reschedule the trip to another acceptable permitted day. Travel is prohibited on the following holidays from 12 noon of the day before it is observed until 1/2 hour before sunrise on the day following: New Year's Day, Memorial Day, July 4th, Labor Day, Thanksgiving, and Christmas Day (except Explosive Carriers with a valid NYS Thruway Annual Explosive permit). However, if any of the aforementioned holidays falls on a Saturday, travel is prohibited from 12 noon on the preceding Friday until 1/2 hour before sunrise on the following Monday. If the holiday falls on a Sunday, travel is prohibited from 12 noon on the preceding Friday until 1/2 hour before sunrise on the following Tuesday.

All highway/traffic movement by Permittee is to be marked with signs, lights, and flagged in accordance with rules and regulations in the New York State Certified Escort Manual. All over-width movements shall observe traffic conditions and shall, when traffic begins to accumulate behind the movement, pull off the road and allow traffic to pass. Failure of Permittee to observe all permit requirements shall be cause for any state enforcement officers to declare the permit void and impound said vehicle, if necessary, pursuant to the rules and regulations of the Authority and the New York State Police.

This permit may be revoked without refund for violation of any New York State Thruway permit condition, requirement, or breach of any of the indicated requirements of Federal or State laws, rules, or regulations.
