Operating Conditions Carrier Must Follow When Using This Permit

- * Carrier shall obtain & attach all required Condition Sheets, Trans Rules, & Forms as stated below. These can be obtained at <https://wisconsindot.gov/osowforms>
- * This permit is issued under Wis. Stat. s. 348.27(2).
- * ATTACH: Wis. Adm. Code Ch. Trans 255.
- * ESCORT VEHICLE(S): When escort vehicle(s) are required, use of portable electronic devices by drivers of the escort vehicle(s) and the escorted vehicle is restricted to support voice communication specific to the escort operation.
- * Permit is not valid for the transport of fluid milk product unless specifically authorized by this permit.
- * Permit is valid for 50 ft overall length when power unit is operated without a towed unit.
- * This permit is valid only for the power unit described and for any one unit it is towing.
- * If traveling on Designated Highway segments, legal length rules apply while on those segments.
- * ESCORT VEHICLE(S): If overall dimensions exceed 110 ft long and 12 ft wide or 140 ft long, one private escort required: ahead on non-divided highways; behind on divided highways. * Must have radio communication between all units involved in move.
- * ATTACH: Lighting and flagging standards must be followed if overall length exceeds 100 ft and the load is transported using schnabel and/or dolly combinations so the load is carried or suspended between the tractor or jeep and the trailing equipment, and results in a combination where the load itself becomes the trailer. The standards are available at <https://wisconsindot.gov/lightflag>
- * Vehicle(s) exceeding 100 ft in length must have a rear steerable axle group. If a tillerman is required to operate the rear steer, the tillerman may not be the driver of an escort vehicle.
