Operating Conditions Carrier Must Follow When Using This Permit

- * Carrier shall obtain & attach all required Condition Sheets, Trans Rules, & Forms as stated below. These can be obtained at <http://wisconsin.gov/osowforms>
- * Subject to conditions on MV2605, which must be attached.
- * This permit authorizes movement only on the Interstate and state highways shown in the route. Carrier must obtain permission from local authorities to travel on all other roadways shown on route.
- * If any portion of route uses county, town and/or local roadways, check with local authorities to assure adequate vertical and width clearance.
- * ESCORT VEHICLE(S): When escort vehicle(s) are required, use of portable electronic devices by drivers of the escort vehicle(s) and the escorted vehicle is restricted to support voice communication specific to the escort operation.
- * If overall length exceeds 100 feet and the load is transported using schnabel and/or dolly combinations so the load is suspended between the tractor or jeep and the trailing equipment, and results in a combination where the load itself becomes the trailer, the lighting and flagging standards

Permit Nb: SS-248W120181381
Send By: E-mail to Road Runne
Log Nb: W00001097215
Issued By: 0030
Date of Issue: 5/18/18 3:00 PM

available at <http://wisconsindot.gov/Documents/dmv/com-driv-vehs/mtr-car-trkr/specialized-lighting-diagram.pdf> must be followed and be attached to the permit.

* Vehicle(s) exceeding 100 feet in length must have a rear steerable axle group, allowing the vehicle to turn more sharply to prevent damage to property or obstructions to the flow of traffic. If a tillerman is required to operate the rear steer, the tillerman may not be the driver of an escort vehicle.

* If traveling on Designated Highway segments, legal length rules apply while on those segments.
